RE: Purchase of West Hurley School  
Superintendent Victoria McLaren and the Onteora School Board:

This letter is regarding the citizens of West Hurley. After over 100 people attended my Town Hall Meeting on March 19th, and spoke about their concerns for the purchase of the West Hurley School and its potential use, I would like to request that the School District hold off on the closing. I would request that the closing not happen until all environmental impact studies have been completed and provided to the public for review. I will also be requesting the developers to attend a meeting to provide the citizens of West Hurley the ability to address any concerns they might have. Again all before the closing and transfer of ownership of the property.

Please understand the good folks of West Hurley who already have water and traffic flow issues, should be given the ability to have these and any other looming concerns put to rest for the betterment of the community.

Thank you.  
John Perry  
Town of Hurley Supervisor
