

Are you a "WISHFUL" Recycler?

Our message this month is Wishcycling

It's important to recycle as much as possible, but not everything belongs in the recycling bin! Recycling rules vary depending on where you live. When in doubt, ask your recycling hauler, town transfer station, or call the UCRRRA **845-336-0600** or visit **www.ucrra.org**. "Wishcycling" can damage recycling equipment, waste money, natural resources and can be dangerous for workers.

Did you know?

The chasing arrows symbol and "Please Recycle" used on products and packaging doesn't necessarily mean an item is recyclable in your area.

TOP 5 TO LEAVE OUT

- **Plastic Bags** (*do not bag your recyclables*)
- **Electronic Items**
- **Disposable Cups** (*hot beverage containers*)
- **Plastic Utensils & Straws**
- **Styrofoam®** (*cups, trays, packing peanuts*)

 Follow @UlsterCountyResourceRecoveryAgency for more information about recycling, composting, and waste reduction.
